

MICROBIOLOGY STUDENT ASSOCIATION RESEARCH SYMPOSIUM 2016

OREGON STATE UNIVERSITY

Saturday, April 9, 2016— 9am-5pm
Kearney Hall, Room 112

SCHEDULE

9:15-10:00	Dr. Betty Kutter
10:00-10:30	Dr. Theo Dreher
10:30-11:00	Dr. Holly Rosenzweig
11:00-11:30	Dr. Holly Simon
11:30-12:00	Dr. Eric Selker
12:00-1:00	Lunch Break
1:00-1:30	Dr. Adam Brady
1:30-2:00	Dr. Gael Kurath
2:00-2:30	Dr. Evan Lind
2:30-3:00	Dr. Kevin Reynolds
3:00-3:30	Dr. Tim Nice
3:30-4:00	Dr. Denise Galloway
4:00-5:00	Poster Session

DR. BETTY KUTTER- KEYNOTE SPEAKER

Characterization and Implementation of Bacteriophages as Natural, Self-Replicating and Self-Limiting Antimicrobials

Dr. Theo Dreher, OSU

Genetic Analyses of Toxic Cyanobacterial Blooms in the PNW

Dr. Holly Rosenzweig, OHSU

Uveitis and Dysfunction of Innate Immunity in the Eye

Dr. Holly Simon, OHSU

Characterization of Microbial “Hotspots” of Organic Matter Degradation in a Fast-Flowing Estuary

Dr. Eric Selker, UO

Control of Heterochromatin Formation in Neurospora

Dr. Adam Brady, OHSU

Tropical Medicine in the PNW: The OSHU Arbovirus Cohort

Dr. Gael Kurath, UW

Regional and Global Tracking of a Virus in Salmonid Fish

Dr. Evan Lind, OHSU

Targeting Acute Myeloid Leukemia with Immunotherapy

Dr. Kevin Reynolds, PSU

From Microbial Natural Products to Malaria

Dr. Tim Nice, OHSU

Interferon-Stimulated Immunity to Enteric Viral Infection

Dr. Denise Galloway, UW

The Immune Response to HPV Vaccination and Infection
